

# PRICELIST POULTRY 2022

## BACTERIOLOGY

Isolation	Price €	Salmonella isolation	Price €
Aerobic culture	22	Salmonella isolation according ISO 6579-1 (B)	15
Anaerobic culture	22	Serotyping Salmonella (B) (Sciensano)	85
Pasteurella culture	22	Salmonella culture	22
Ornithobacterium rhinotracheale culture	22	Salmonella detection by MDS	15
Campylobacter culture	22	Salmonella differentiation field/vaccin strain	90
ESBL screening	22		
Total cell count	22	<b>Sensitivity test &amp; typing</b>	<b>Price €</b>
E. coli screening (only McConkey)	22	Antibiogram	12
Hygienogram (total count) (B)	48	Primary antibiogram	12
Hygienogram hatchery	144		
Brachyspira spp. culture	30	MIC test (per molecule)	40
Mycoplasma spp. culture	68	Serotyping E. coli (O1, O2, O78)	17
Clostridium spp. culture	22		
Mycologic culture	22	Identification Maldi-Tof (pure culture)	12
		Storage isolate	35

## PARASITOLOGY

Description (price per sample)	Price €	Description (price per sample)	Price €
EPG/OPG (without differentiation)	28	Intestinal scraping	24
EPG/OPG (+ differentiation)	36	Bloedmites: counting	60
Worms (sieving method)	20	Blood mites: Sensitivity determination contact products (by product) in vivo	150
Flotation	20	Blood Mites: Sensitivity determination fluralaner in vitro	250

## PCR ONDERZOEK

Description (price per analysis)	Price €	Description (price per analysis)	Price €
<b>Viral</b>			
Infectious bronchitis virus (IBV)	50	Chicken anemia virus (CAV)	50
IBV (per variant): 4/91; QX; 1466; D274; Mass; Italy 02; Arkansas; 80; Q1; Variant 02; D181	50	Infectious laryngotracheitis virus (ILT)	50
IBV general + 4/91, QX, Mass, D274, D181, 80	180	Avian Influenza virus (AI)	50
Newcastle disease/Paramyxovirus (NCD)	50	Adenovirus	50
Avian rhinotracheitis virus (type A + B)	50	Avian reovirus	50
Turkey rhinotracheitis virus (type C en D)	50	Marek's disease	50
Avian hepatitis E virus	50	Avian nephritis virus (Astrovirus)	50
Avian encephalomyelitis (AE)	50	Rotavirus A and D	50
Gumboro (IBDV)	50	Malabsorption syndrome (reo+astro+rota)	130
Avian leukoses virus	50	Parvovirus (duck)	50
		Enteritis virus (duck)	50

**Bacterial**

A. paragallinarum (Coryza)	50	Mycoplasma gallisepticum (MG)	50
Brachyspira spp.	50	Mycoplasma synoviae (MS)	50
Campylobacter spp.	50	Mycoplasma meleagridis (MM)	50
Chlamydia spp.	50	Ornithobacterium rhinotracheale (ORT)	50
Clostridium perfringens	50	Pasteurella multocida	50
Clostridium perfringens toxin genes	50	Salmonella spp.	50
E. coli virulence factors	90	Salmonella SE/ST differentiation	50
Erysipelothrix rhusiopathiae	50	As from 5 PCR-analyses on 1 sample, per analysis	35
<b>Gallibacterium anatis</b>	50		

**Parasitic**

Histomonas	50
Coccidiosis Qpcr 7 species chicken	200
Coccidiose Multiplex Chicken	69

**DIVA test**

IBDV pathotyping	60
NCD	60
Marek's Disease	60
MS-h	60
MG	60

**Sequencing & fylogenetic profile**

IBDV	180
IBV	180
FAdV	180
NCD/aPMV1	180
Avian Reovirus	180
Adeno virus	180
MS sequencing	180

**Strain differentiation by rep-PCR**

E. rhusiopathiae	110
Enterococcus spp.	110
O. rhinotracheale	110
P. multocida	110

**Packages**

Respiratory disease broiler (ART, IBV general, IB 4/91, IB QX, IB D274, IB Mass, MG, MS, ORT, NCD)	220	Respiratory disease layer (ART, IBV general, IB 4/91, IB QX, IB D274, IB Mass, ILT, MG, MS, ORT, NCD, Coryza)	264
Immunodeficiency broiler (FAdV, reo, IBDV pathotyping (DIVA))	99	Locomotory (MS, reo)	89
Biosecurity check braad (reo, astrovirus, rotavirus, ANV)	99		

**VIROLOGY**

Description (price per analysis)	Price €	Description (price per analysis)	Price €
Adenovirus + reovirus	150	Avian Influenza virus (AI)	150
Infectious laryngotracheitis virus (ILT)	150	Infectious bronchitis virus (IBV)	150
Gumboro (IBDV)	150	Fowl pox virus (FPV)	150
Marek's disease	150	Avian metapneumovirus (AMPV)	150
Duck hepatitis virus (DHV)	150		

**SEROLOGY (ELISA)**

Description (Price per 15 samples)	Price €	Description (Price per 15 samples)	Price €
Gumboro (IBDV)	55	Avian leukoses virus Ag	55
Infectious bronchitis virus (IBV)	55	Avian encephalomyelitis (AE)	55
Newcastle disease/Paramyxovirus (NCD)	55	Egg drop syndrome (EDS)	55
Infectious laryngotracheitis virus (ILT)	55	Avian hepatitis E virus	55
Avian influenza virus (AI)	55	Mycoplasma gallisepticum (MG)	55

Adenovirus (group 1)	55	Mycoplasma synoviae (MS)	55
Reovirus	55	Mycoplasma meleagridis (MM)	55
Avian rhinotracheitis virus (ART)	55	Salmonella B & D	55
Turkey rhinotracheitis virus (TRT)	55	Ornithobacterium rhinotracheale (ORT)	55
IBDV VP2	55		
Chicken anemia virus (CAV)	75		
Entdagbepaling PLUS			
Sampling + IBDV	85	Sampling + IBDV + Reovirus + Adenovirus + ORT	145
Sampling + IBDV + Reovirus	105	Sampling + IBDV + Reovirus + Adenovirus + ORT + CAV	165
Sampling + IBDV + Reovirus + Adenovirus	125		

### PATHOLOGY

Description	Price €	Description	Price €
<b>Autopsy</b>			
Collection	FREE	Sampling <small>(e.g. for auto vaccine production - without descriptive report)</small>	30
Euthanasia <small>(Manual cervical dislocation up to 3kg)</small>	FREE	Autopsy <small>(incl. descriptive autopsy report)</small>	50
<b>Histology</b>		<b>Cytology</b>	
<u>Routine hematoxylin &amp; eosin (HE) staining</u>		Tissue punctures, smears, joint fluids <small>(Diff-Quick - Haemacolor)</small>	35
Cutting + processing + coloring <small>(from tissue to cut)</small>	30		
Cutting + processing + coloring + interpretation with reporting	45		
<u>Special stain</u> <small>(bv. PAS, Ziehl-Neelsen,...)</small>	50		
<u>Immunohistochemical staining</u> <small>(e.g., for Marek diagnosis)</small>	65		

**For complete list of histochemical and immunohistochemical stains: contact pathology laboratory**

### OTHER ANALYSES

Description (price per analysis)	Price €	Description (price per analysis)	Price €
PCB – dioxines	150	Cocciostatica (per analysis)	140
Feed analysis	60	Ciliar mobility	30
Transport to other lab	15		

### SAMPLING MATERIAL

Description (price per piece)	Price €
Fine aluminium swab with transport medium	0,50
Fine aluminium swab without transport medium	0,50
Fine plastic swab with transport medium	0,50
Pre-filled formalin containers for histological examination	0,70

## PRICELIST POULTRY 2022

Analyzes indicated with (B) are performed under ISO 17025 accreditation.

All prices include file costs.

All prices are exclusive of VAT and subject to possible changes.

For further information regarding analyzes you can visit our website.
